Turbonetics will repair or replace at our expense, any Turbonetics/Spearco products that do not perform to Turbonetics/Spearco specifications. INCLUDING PRODUCTS USED IN RACING OR COMPETITION APPLICATIONS, for a period of one year from the original date of purchase.

### APPLICATIONS

Make/Model	Year/Model	Notes	Part#
<b>INFINITI G35</b>			
G35	2003-05 / V6	(6 speed trans) turbo kit without cat	15150
G35	2003-05 / V6	(6 speed trans) turbo kit with cat	15151
G35	2003-05 / V6	(6 speed trans) tuner turbo kit	15150-T

<b>NISSAN 350Z</b>			
350Z	2003-05 / V6	(6 speed trans) turbo kit without cat	15134
350Z	2003-05 / V6	(6 speed trans) turbo kit with cat	15136
350Z	2003-05 / V6	(6 speed trans) tuner turbo kit	15134-T
350Z	2003-05 / V6	(auto trans) turbo kit without cat	15156
350Z	2003-05 / V6	(auto trans) turbo kit with cat	15157
350Z	2003-05 / V6	(auto trans) tuner turbo kit	15156-T

*\*tuner kits does not include a cat*

Some products listed are for off-road use only and may not be used on public highways.

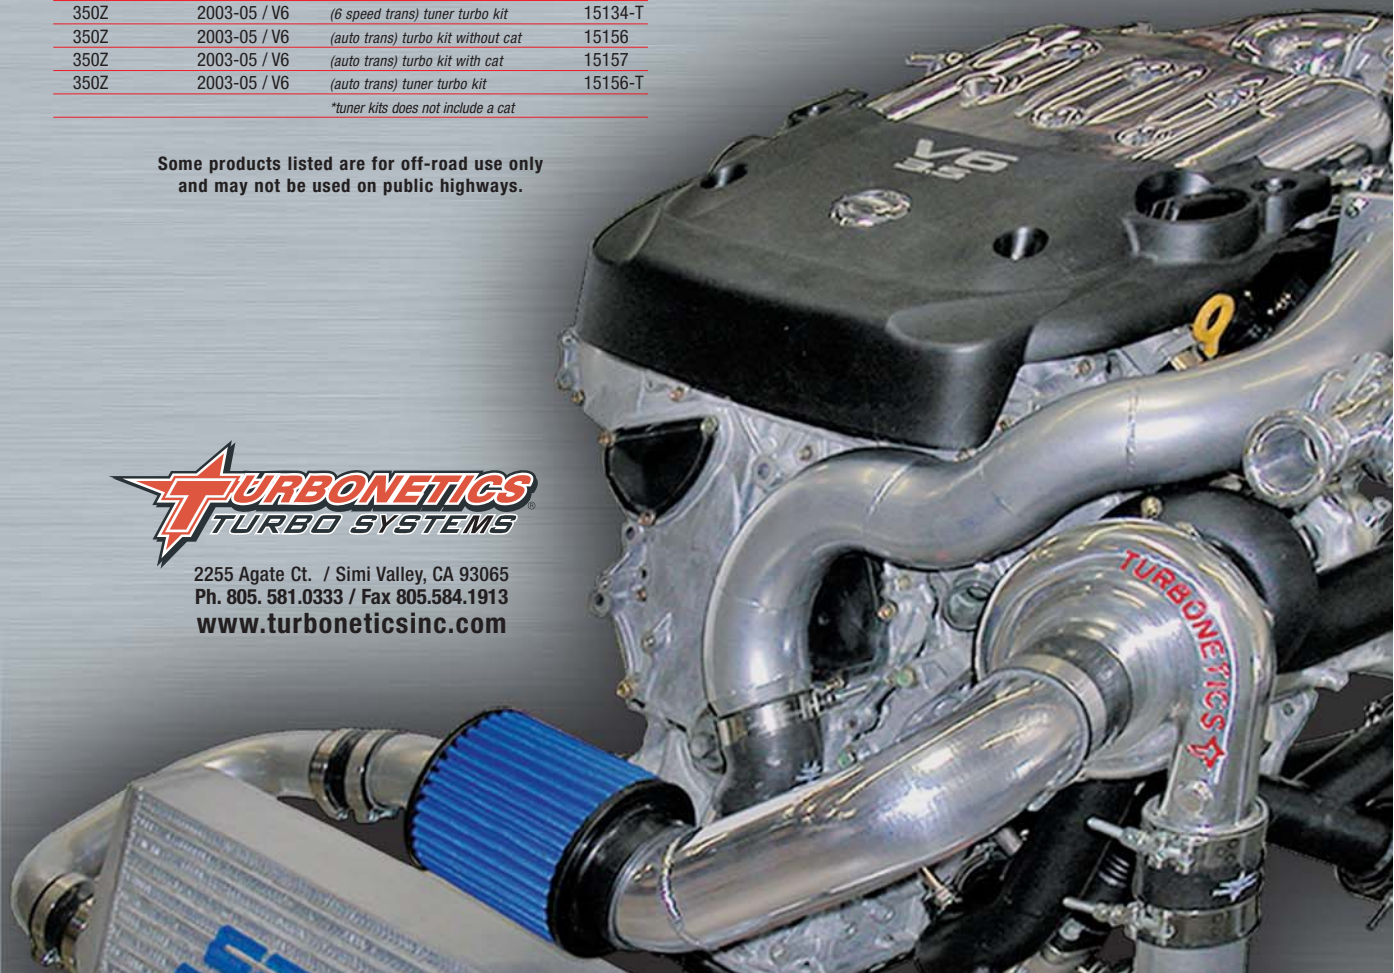

## 350Z & G35 TURBO KITS

WITH PATENTED  
**CERAMIC BALL BEARING**  
TECHNOLOGY

2255 Agate Ct. / Simi Valley, CA 93065  
Ph. 805.581.0333 / Fax 805.584.1913  
[www.turboneticsinc.com](http://www.turboneticsinc.com)

- ECU RE-FLASH**
- ◀ No additional piggy back system required
  - ◀ No additional wires to cut, splice or connect
  - ◀ Retains all factory accessories and sensors
  - ◀ 2 day turn around time
  - ◀ Prepaid FedEx box included with each kit
  - ◀ Ability to re-flash ECU back to stock settings
  - ◀ No additional tuning required
  - ◀ Modified fuel and timing maps

◀ CBS KITS ARE EQUIPPED WITH TWO HIGH-FLOW SPAL FANS CONTROLLED BY A 2-SPEED BOOST DEPENDENT FAN CONTROLLER TO PROVIDE ADEQUATE COOL AIR FLOW TO THE INTERCOOLER WITH THE STOCK FRONT FASCIA.

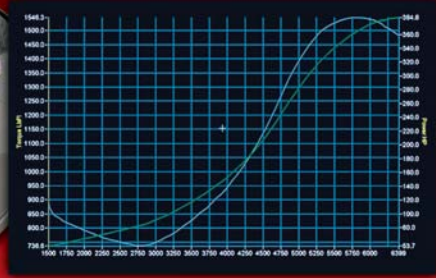

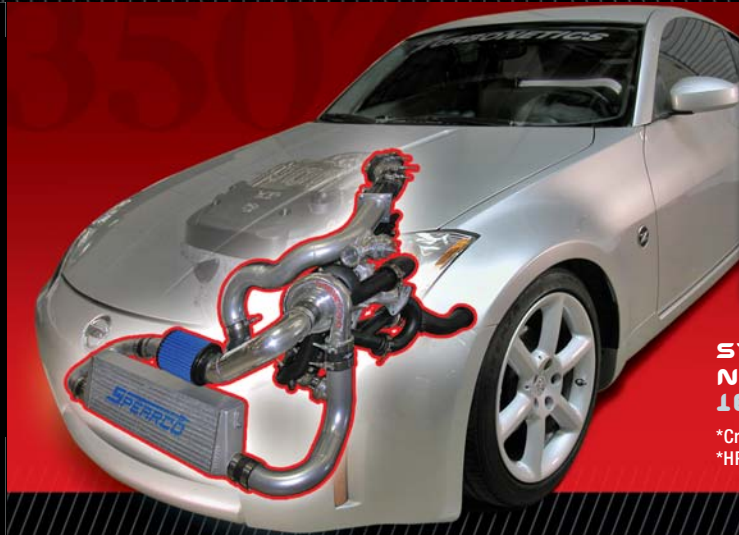

KITS COME COMPLETE WITH ALL HARDWARE READY TO BOLT ON

WITH PATENTED  
**CERAMIC BALL BEARING**  
TECHNOLOGY

- INSTALLATION**
- ◀ 8-10 hours install time
  - ◀ No modifications to chassis required
  - ◀ No cutting, splicing of electrical components
  - ◀ Quick spool up (*minimum turbo lag*) due to BB technology & correctly matched turbo

**STOCK HP: 287 HP**  
**NEW HP: 450HP@6.5PSI**  
**163HP GAIN!**

\*Crankshaft horsepower with 94 octane fuel  
\*HP may vary based on difference in octane
